5th July 2019

Dear Parents and Carers,

End of Year Celebration

I would like to apologise profusely for forgetting to add the Fox group to the details regarding the end of year celebrations. Please see below for the timings. This will take place on **Thursday 18th July** as follows:

- Hedgehogs and Badgers: 11-11.30am
- Butterflies, Owls, Foxes and Robins: 3-3.30pm

You are invited in to look at your child's learning journey and end of year report and watch a presentation of the year. We look forward to seeing lots of you there!

Class Photos

We are expecting to receive the photos early next week. If you have ordered one you we will send home as soon as they arrive in school.

Summer Fair

Just a reminder that Mrs Harmsworth and a parent are kindly organising a small fundraising event for the end of term. This will be held after school next **Wednesday 10th July**. There will be an opportunity to buy cakes and biscuits made by the children, buy donated items and try your luck with the tombola. We look forward to seeing lots of you there!

Visit from Police Officers

Some of the children were lucky enough to be in session when the police officers arrived. The children asked some really interesting questions and found out what their role was including all the positive work they do in the community. They were able to see how the walkie talkie works and had a go at getting in their van! The officers really enjoyed the visit and promised to come back in regularly!

This Week

I have been so impressed by the fabulously exciting range of activities that the staff here have provided for the children. I have seen children; making porridge and protecting it from Goldilocks, visiting the town followed by soup making, acting out pirate adventures, exploring the garden for snails and the investigation of fossils to name but a few! A big thanks to the staff here who go above and beyond to ensure that the children's interests are followed.

Suggestion for activity for home

Over the past few weeks lots of the groups have experienced cooking. We would love you to try to cook with your child at the weekend. This gives them experience of the following:

- Weighing
- Observing changes in materials

Good vocabulary to introduce/use:

Enough / more / less / measure / weigh / ingredients / bake

Please choose a recipe from the table in the outside area in N2 or ask your child's key person.

If you make enough please donate for our cake stall at the summer fair!

With kind regards,

Hayley Yendell

Headteacher
