7th June 2019

Dear Parents and Carers,

It has been another exciting week at Heath Lane; the 'Heath Lane Café' has opened, Ark farm visited, a tractor arrived and building work has started outside!

Heath Lane Café

Staff have worked really hard to develop this area to ensure that children have real life opportunities to develop skills. This week we they have been preparing their fruit by chopping, squeezing and peeling! They have used a range of equipment such as plastic chopping knives and chopping boards and they have washed up after themselves!

Ark Farm Visit

It was lovely to have so many adults join us for this session. The children saw a number of animals and we all learnt new and interesting facts from the talk that was given. At one point he ducks escaped and wandered round our outside area much to the amusement of the children! Look out for a display on the visit in the classroom next week...

The Tractor!

A big thank you to Mrs Cook's brother who came in on his tractor! He parked outside and all of the children were able to climb into the tractor and beep the horn if they wished. Apologies to our local neighbours for the noise.

Building Work

This week builders are working in the treehouse to make the space more comfortable for the children. We love our forest school sessions in their but it can be very cold and wet in bad weather conditions. The builders will be adding windows, doors and making the space far more flexible. Watch out for photos of the ceremonial opening next week...

Reminder

Please stand back from the gate at the beginning of sessions so that you and your children are safe. A sign has been put up as a reminder.

School Photos

The class and individual photos have been returned. You will find the order form in your child's book bag either today or the next session they are in. You will need to pay by Monday 17th June. Please see the details on the order form.

Facebook

We are going to be adding more information and photos to our school Facebook Page. Please do follow us so that you can follow the exciting things we are doing at school.

Suggestion for Home

The children have been so independent in our café this week we would love them to practice their skills at home. Why not give them the chance to:

- Chop up their fruit / vegetables
- Use equipment independently (plates / knives / chopping board etc)
- Wash up their equipment when they have finished

With kind regards,

Hayley Yendell
