Headteacher: Mrs Hayley Yendell BA hons, PGCE

8th May 2019

Dear Parents and Carers,

Thank you all so much for your generous words, thoughts and gifts for Mrs Kirtley last week. It was a fabulous send off and we were all so proud of the children's performance. I would like to thank the staff for their hard work in organising the afternoon-practicing the two songs in secret was not an easy task at all!

Reminders

Ark Farm-Tuesday 4th June 2019

Ensure that you have sent in your payment for Ark Farm. Please do make your child's key person aware of any allergies/concerns that your child might have when coming into contact with the farm animals.

Changing Weather

The weather forecast for the next few weeks is looking variable! Please help us keep your child safe in all weathers by sending them in with a raincoat every day. When it does brighten up please put sun lotion on them every day and sending them in with a sun hat. If your child attends the Nursery all day please send in a bottle of lotion so that we can apply, as required, later in the day. We will ensure that all children regularly drink water and have adequate shade.

Holiday Club

Our exciting holiday club will be running over half term. You can choose from the following sessions to suit your needs:

Session	Cost
All day - 8.30-4.30pm (your child will need a packed lunch)	£40
Morning only - 8.30-12.30	£20
Afternoon only - 12.30-4.30pm	£20

For further information speak to Mrs Haynes or a member of office staff or have a look on the school website.

Marathon

A big well done to Mr Gillan (Pippa's Dad) for an amazing effort in the London Marathon. We are all very inspired! Do come and look at the display in the classroom showing your children on marathon day!

Learning last week

In the Nursery this week each key group has made a dragon! They spent time with their key person planning how to make it, deciding what resources they would need and experimenting with ways to join the materials. They really enjoyed experimenting with different materials and working as a team. The dragon below was made by the Owl key group!

Suggestion for an activity for home

Ask your child to share their learning with you. You might want to ask the following questions:

*How did you decide to make your dragon?
What did you choose to make the model with?
What was the trickiest part?
What did you learn?*

This Week

We are excited to announce that caterpillars have arrived in the Nursery! We will be looking closely at how they grow and what changes they go through. We will keep you posted...

Finally...

I had a fabulous second week. It has been great meeting you all and becoming more familiar with the children. I have had the chance to watch forest school in action, read some favourite books and eat lunch with the children. I am looking forward to what next few weeks will bring.

With kind regards,

Hayley Yendell
Headteacher
