

Sun Safety at Heath Lane

We are going to provide sun lotion, at no cost to parents, to all children in the Nursery. Currently we are using the lotion pictured above. We will always use sun lotion for sensitive skin. The reasons we are providing lotion are:

- To reduce the cost of lotion for parents in requiring a bottle for school and a bottle for home
- To reduce the time applying the lotion - it is far easier to use the same lotion rather than look for up to 52 different bottles

We appreciate that some children may require a specific lotion for medical reasons or parental choice. We will, of course, apply this to your child if you wish to send it in with a clear label on the bottle with the child's name. We will return bottles we currently hold if you consent to using the school lotion.

Please reply by return of email if you consent to this lotion being used on your child or if you would prefer to send in your own.
